PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

5
SUMMARY

A road-served military installation covering approximately 54 acres is located on the southeast side of Rovno (Figure 1).

The military installation (Figures 2 and 3) contains five multistory barracks, one probable multistory barracks, six probable barracks, three multistory administration buildings, 11 administration buildings, one vehicle maintenance building, six vehicle storage buildings,

six storage buildings, two possible storage buildings, and eight support buildings.

The area contains an athletic field as a training facility and appears active. The installation was observed on [REDACTED] KEYHOLE missions between [REDACTED]

[REDACTED] No change has been noted since it was first observed on photography of [REDACTED]
